SCOTT, MOUTE & CO.

This wide-awake and energetic dry goods firm invited the public to call en Monday last and see their annual spring display of new goods, and in response thereto a large number of people came, and went and came again, all day and until a late hour in the evening. This firm occupy all of Alsohuler & Co.'s fine double brick building fronting on La Salle street and next to the First National Bank. The lower story is one extensive apartment or double store, in one room, having two front entrances, and the entire front below being of glass, thus affording them fine advantages for the display of goods. These large show windows are filled with lace goodscollars, handkerchiefs, ribbons and beautiful spring styles of shawls, besides a world of small notions, including a beautiful assertment of

Entering the large, well lighted high room, you are charmed with the magnificence of the stock filling the shelves and counters. On one side are fancy dress materials of every sort. another space is filled with great piles of prints of every imaginable pattern and figure, on another side you find piece cloths, white goods, hosiery and gloves, ribbons, shawls, buttons and threads, each in the particular space allotted to it.

Up-stairs is the carpet hall, filled with the finest and best lots ever seen in the city, and ranging in prices from 50 cents for a plain, yet pretty and durable article, to the richest threeply woolen fabric, or the grand Brussels, fit for the feet of Queen or Empress, or "any other" woman. In this story there is also an extensive and well provided millinery establishment, and in another quarter a room filled with feathers and pillows. We cannot describe the thousandth part of all that is to be seen here, and can only commend you to "go there yourself."

PHOTOGRAPHY. - Mrs. Thompson, well known in this city as a most accomplished artist, has purchased Campbell's photograph gallery, in Nattinger and Grigg's block, and has united that with her painting and art studio. She has in her rooms a most splendid lot of fine paintings, many of them being life-size portraits of prominent citizens of Ottawa, besides a fine collection of landscapes and historic scenes. She is a superior artist, and teaches that most beautiful of all arts to others very successfully. She has now a class of twenty-four young ladies, many of whom, though having taken but a few lessons; exhibit wonderful proficiency, while a few have made most wonderful progress under her excellent method of instruction.

The photographic department will be under the management of Mr. Tenny, an accomplished photographer, while she will give her attention to giving instructions and finishing portraits. Call at her rooms and examine her beautiful collection of paintings and photos.

BEEMUS' BOOTS .- We have just moved inte our new boots. Griffith & Son took the con trac some time last spring, they being the lowest bidders. They immediately gave bonds and ent to work. The drove of cattle, furnishing the hides, were obtained in Texas. Fourteen tanneries were required to unite their resources in tanning the leather. Griffiths' shop being too small to hold more than the pegs required, the boots were built on David Strawn's 6,000 acre farm, in Livingston county, that being the only | Peterson. location furnishing sufficient space. The boots pinch us a little, especially in one ell, or anteroom, for the eccommodation of one of our corns. The bunnion attic, too, is a trifle crowded. The basement for the wart on one little toe will have to be widened, otherwise the boots fit to a dot.

>gricultural Society.

Editore Ottawa Free Trader-Permit me through the columns of your paper to call the attention of the La Salle County Agricultural Society and the public to the fact, that the board of managers of the society are now considering the propriety and expediency of making several improvements upon the fair grounds. The most important improvement contemplated is the sinking of an artesian well, which is not only very essential to the success of the county fair. but would be indispensable should we succeed in getting the State Fair located here in two years, as it is hoped we shall be able to do.

The board, after deliberation, passed a resolution requesting each certificate holder to pay an assessment of five dollars for the purposes above stated. The board having no authority to do more than simply make the request, it is heped that the great interest which the society have in such improvements, as are contemplated, will induce its members to respond promptly to the resolution, and thus furnish the board with the means of carrying out the work. The board will not incur individual responsibility in the matter, but will take it for granted that the society, if they desire the improvements to be made, will furnish the means of doing so.

It is hoped that at the next meeting of the board of managers, which will be held April 15th, they will receive such assurances from the society as will warrant them in making a contract for sinking the well at ence. Should this not be the case, the whole matter will probably be abondoned for the present. S. R. LEWIS, Pres. La Salle Co. Agl. S'y.

When you want a tip-top job of painting, graining or kalsomining, avoid the botch workmen and secure the services of Hardin, Frost & Clark, men who know how to do a good job and will warrant their work to give satisfaction.

POLICE MATTERS IN SHORT HAND .- Wednesday night six young men, on a bust, and two "soiled doves" ditto. After drinking two kegs of lager, came down town and scattered around the square; two, a young man and woman, bringing up at Van Doren's block, went up stairs and broke out a window light. Night watchman Bowers rushed up to arrest somebody; seized the man; man begged; offered to pay for window; officer inexorable; girl called on her "beau's" pal, Billy Conders, "to come back, policeman's got William. Bill came back and offered to pay for window too, if officer wouldn't take William. Some words, when officer struck Bill with a "handy-billy" and knocked him into the ditch. Officer ran away, when Bill and a third Bill, who had come up, ran after officer, or rather Bill Conders after the officer and Bill No. 3 after Bill No. 2, while Bill No. 1 remained to console girl. The Bills caught officer, when he again knocked Cenders down and ran again, but was again caught and a 121, 1b. stone struck him on the head. Three Bills and another of the party were arrested, tried before Leavens, but suit abandoned as to 4th party, and the three "Sweet Williams" fined as follows: "Bill Ne. 1 \$10 and costs, for being with the girl, &c.; Bill No. 2 \$25 and costs, for heaving the rock; Bill No. 3 \$20 and costs, for "being there or there-

#### FROM MARSEILLES.

The Crystal Fountain Sons of Temperance installed officers on Monday evening, as follows Geo. Goddard, W. P.; Miss Lizzie Dow, W. A.; Ed. Dow. R. S.; Miss Jennie Smith, A. R. S.; Geo. C. Towle, F. S. & T.; A. Goddard, C.; Miss Katie Smith, A. C.; Rev. O. G. May, Chap.; David Burton, I. S.; John Duncan, O. S.

The theatrical entertainment given by Drew's troupe, of Ottawa, was moderately successful, probably as much so as could be expected, taking into consideration their youth and inexperience.

Died at Marseilles, Wednesday, April 5th, Mrs. Cane, wife of Fred. Cane.

The dissatisfaction is increasing very rapidly here at the manner in which the Chicago, Pekin & Southwestern Railroad Company "drags its slow length along."

THE ICE KING REFRIGERATOR, which created such a sensation, and took the first premium at the Cincinnati Exposition, St. Louis Fair, Illinois State Fair and all the Fairs throughout this State generally last season; is now for sale and can be seen in actual operation at S H. Hunsberger's Agricultural Warehouse, No. 26 Madison street.

This refrigerator possesses many advantages over all others ever manufactured, among which may be mentioned the fact that it saves fifty per cent of the ice required in any other refrigerater of the same size. It is a preserver, not a consumer, like the numerous ice-melters called refrigerators. It produces a dry, cold temperature in the preserving chambers. The temperature can be reduced to fourteen degrees below freezing point. One article of food will not partake of the smell or taste of another. The provision chambers are always dry. sweet and clean, as they have no drippings from ice. Fish, game and meats of all kinds can be kept frozen any length of time, and in a perfectly dry and preserved condition. The refrigerator is divided into two separate and distinct compartments, and also has a Water Cooler attached, which furnishes an unlimited supply of ice cold water without putting ice in the water. It consumes about ten cents worth of ice every twenty-four

hours. This economical piece of furniture costs no more than any other refrigerator, and is manufactured of all sizes, and suitable for Hotels, Restaurants, Grocers and for family purposes. Call at S. H. Hunsberger's and see the workings of this indispensible article in actual

At Marsellies, on Monday last, of lung consumption, HET TA A., wife of Geo. E. Hubbard, of Marsellies, Mrs. H. leaves many warm friends, to whom she had endeared herself by her uniform kindness of heart and pleasant manner. She had been for some time fully conscious of her approaching end, and gave directions for the disposition of her remains, as calmly as though it were an everyday transaction. She had never made a profession of religion, not believing in the necessity or propriety of such an act on her part, but having full and unbounded faith and confidence in that God who socth all things well, she felt, and often expressed the belief that when her bodily pains should cease and her spirit be freed, she should be met on the threshhold of eternity by a loving sister and a darling child, who had gone before, and who, she felt, were waiting to welcome her to the spirit world. Unlike many who profess largely of Christianity, and tell us "There is no saving efficacy in a good life," but begin to doubt and fear the moment death approaches, . As was never known to doubt or fear for her future condition, even for a moment. while she lay prostrate on that bed of sickness from which she did not expect to recover, but from the time she became satisfied she could not recover, she looked forward with evident joy to the close of her earthly career and the dawning of that higher and better state beyond. She having selected Rev. J M. Day, of this place, Universalist, to preach her funeral sermen, accordingly, on Wednesday last, (the day of her buris), at the Universalist Church, Mr. Day preached to a crowded

WALKER Proprietor. R. H. McDonald & Co., Pruggists and th. Ag te, San Francisco, Cal., and 32 and 34 Commerce St, N.Y. Vinegar Bitters are not avile Fancy Drink. Made of Poor Rum Whiskey, Proof Spirits and Refuse Liquors doctored, spleed and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Lavigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of re-

They aren Gentle Pargative as well as a Tonic, possessing also, the peculiar merit of acting as a powerful agent in relieving Congestion or inflammation of the Liver, and all the Visceral Organs, FOR FEMALE COMPLAINTS, whether in

young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Cout. Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Disenses of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitinted Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Eristsclas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dog up and carried out of the system in a short time by the use of these Bitters. One bottle in puch cases will convince the most incredulous of their curative effect.

Cleanse the Villated Ploud whenever you find its impurities bursting through the skin a Pinaples, Eruptions or Sores, cleanse it when you find it obstructed and sluggish in the velos; cleanse it when it is foot, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, birking in the system of so many thousands, are effectually destroyed and removed. For full directions, rend carefully the circular around each bettle, printed is four languages—Lighish, German, French and Spanish. J. WALKER, Proprietor. R. H. McDONALD & CO.,
